U.S. Existing-Home Sales Rebound Even as Inventory Remains Tight

Sales of previously-owned U.S. homes rose more than expected in the first gain in three months, indicating that job gains and tax cuts are supporting demand despite low supply.

Commercial

Cracking the Co-Working Code in Commercial Real Estate

Real estate brokers scoff that just a fraction of U.S. office space is occupied by co-working and other flexible workspace options, yet data shows over one-quarter of new leases signed in the past two years came from this burgeoning business.

Ghost Restaurants and the Impact on Commercial Real Estate

A hot, new restaurant concept is taking off in densely populated cities like New York, Los Angeles, Chicago and Washington, D.C., but don't try to make a reservation or stop in to grab a bite to eat.
