Wire fraud is a serious problem.

Cyber criminals target you and other real estate transaction participants in order to steal funds that are being transferred during closings. They hack emails, impersonate title companies and spoof your real estate agent in an effort to trick you into sending funds to fraudulent bank accounts that they control. In 2021, cyber criminals stole over \$350 million from 13,638 real estate fraud victims.

Closinglock makes closing easy for you and your clients.
